

In August 2007, the United States and Israel signed a Memorandum of Understanding providing \$30 billion to Israel over the next decade, an increase of 25% over previous commitments. As the largest recipient of U.S. military aid, Israel uses that aid to enforce an illegal military occupation of the Palestinian West Bank, East Jerusalem, and Gaza Strip, all in violation of the Arms Export Control and Foreign Assistance Acts. Furthermore, Israel's recent assault on Gaza – known as Operation Cast Lead – killed over 1,400 people, including more than 300 Palestinian children. The majority of the dead were civilians. An additional 5,000 were injured and almost 25,000 made homeless by Israel's disproportionate and indiscriminate use of force that was made possible in large part by U.S. weaponry.

We therefore urge the members of our Congressional Delegation to hold Israel accountable for its violations of U.S. law and to discontinue any further military aid.
